About me

———

I am a MERN Stack Developer with a Bachelor's degree in Engineering from LD College of Engineering, where I achieved a commendable academic record. My expertise lies in the MERN (MongoDB, Express.js, React, Node.js) stack, and I have a strong foundation in web development.

Experience

———

WebApster, chhattisgarh — MERN Stack developer

JUNE 2023 - Continue

In this company, I am working on a temporary basis because there was an urgent requirement for a mern-developer, and I worked on an ERP based project named SLIDO.IN as a mern-developer.

Kurm-info, Surat— *MERN Stack Developer*

June 2022 - June 2023

I completed an internship there for 4 months, then got hands- on experience in various projects like BABARIYA , Matkavala etc and honed skills like javascript, html-5, css-3, MERN, next.js etc.

Education

———

Little Flower School of Science, Surat— *H.S.C*

June 2014 - March 2016

Percentage: 85.4%

L.D.College of engineering, Ahmedabad — *B.tech*

June 2016 - March 2020

CGPA: 8.43

Project

———

- Slido.in **(OnGoing Project)**

  ○ **Description:** Slido.in is an e-commerce-based project designed to cater to buyers seeking high-quality sliders for their homes and businesses. This project encompasses a sophisticated pricing calculation system, which I autonomously developed and integrated. Additionally, I took charge of crafting the entire frontend of the platform, ensuring a seamless user experience.
  ○ **Technology:** Mern Stack
  ○ **Role:** Developer

- BABARIYA

  ○ **Description:** Project was about registering one-family , its members , family gathering,and Donations etc. I made more than 15+ UI components with different functionality and called API in every component.
  ○ **Technology:** Mern Stack
  ○ **Role:** Developer

- Forevoir

  ○ **Description:** Project was about e-commerce + servicetype, like there were many decoration services and online items related to it were selling. I had responsibility to makeUI and state management using react.
  ○ **Technology:** Mern Stack
  ○ **Role:** Developer
